The new rules transfer and update existing language, and include substantive changes to implement portions of House Bill 2644, as well as other changes to update, strengthen, and clarify the rules.

Proposed changes which implement HB 2644 include:

### Proposed Preamble

The Executive Commissioner of the Health and Human Services Commission, on behalf of the Department of State Health Services (department), proposes repeal of §§141.1-141.3, 141.5-141.7, 141.10-141.11, 141.13-141.17, 141.20-141.47, 141.50-141.55, and 141.60-141.66 and new §§140.300-140.307, 140.310-140.315, 140.320-140.324, 140.330-140.351, 140.360-140.365, and 140.370-140.376, concerning the licensing and regulation of massage therapists, massage therapy instructors, massage schools, and massage establishments.

### BACKGROUND AND PURPOSE

The proposed repeal and new rules are necessary to consolidate existing Professional Licensing and Certification Unit program rules in 25 TAC, Chapter 140, Health Professions Regulation. The new rules transfer and update existing language, and include substantive changes to implement portions of House Bill (HB) 2644, 80th Legislature, Regular Session (2007) which amended Occupations Code, Chapter 455, as well as other changes to update, strengthen, and clarify the rules.

Proposed changes which implement HB 2644 include an increase in the minimum educational standard for a massage therapist license from 300 to a minimum of 500 hours and extensive corresponding changes and clarifications to the requirements for licensed massage schools; elimination of the requirement for a practical examination; elimination of the independent massage therapy instructor license; elimination of language relating to licensure of unlicensed applicants from another state where licensure is not available; new language relating to examinations; and new language which mirrors the statute relating to exemptions from licensure for certain massage establishments.

Additional changes include the approval of online and correspondence courses in non-massage therapy technique subjects for continuing education credit, a requirement that a licensee to honor or refund an unexpired gift certificate, a new requirement that a massage establishment maintain a list of current employees and contractors at all times and provide it to the department upon request, and a new requirement for a jurisprudence examination for new applicants starting September 1, 2008.

Government Code, §2001.039, requires that each state agency review and consider for readoption each rule adopted by that agency pursuant to the Government Code, Chapter 2001

(Administrative Procedure Act). Sections 141.1-141.3, 141.5-141.7, 141.10-141.11, 141.13-141.17, 141.20-141.47, 141.50-141.55, and 141.60-141.66 have been reviewed and the department has determined that reasons for adopting the sections continue to exist because rules on this subject are needed; however, the department is proposing to repeal the existing sections and adopt the rules in 25 TAC, Chapter 140, Health Professions Regulation.

## FISCAL NOTE

Cindy Bourland, Manager, Professional Licensing and Certification Unit, has determined that for each year of the first five-year period that the sections are in effect, there will be fiscal implications to state government as a result of enforcing or administering the sections as proposed. The effect on state government will be an increase in revenue of \$135,000 each fiscal year 2008-2012. There will be no fiscal implications to local government. Additional fees will be received for the issuance and renewal of massage therapy establishment licenses to businesses formerly exempt from licensure. Issuance of additional licenses, and additional massage establishment inspections will be required.

## SMALL AND MICRO-BUSINESS IMPACT ANALYSIS

Ms. Bourland has also determined that there will be an effect on small businesses or micro-businesses required to comply with the sections as proposed. This determination was made because additional fees will be required for the issuance and renewal of massage therapy establishment licenses to businesses formerly exempt from licensure. Regarding §140.364, there is an anticipated economic cost to businesses which are required to comply with the sections as proposed of \$300 every two years. There is no anticipated negative impact on local employment.

## ECONOMIC IMPACT STATEMENT

Regarding §140.364, the purpose of the rule is to clearly set forth any exemptions to the requirement for a business to hold a massage establishment license. The rule language as proposed exactly repeats the language in HB 2644, which also eliminated the department's authority to adopt rules granting additional exemptions. An estimated 900 small or micro-businesses will be required to comply with the rules as proposed. Less than 100 of these small businesses are already licensed as massage schools.

## REGULATORY FLEXIBILITY ANALYSIS

The department considered the following regulatory options in determining how to implement the new requirement for formerly unlicensed businesses to hold a massage establishment license. Regarding §140.364, the options not chosen included not adopting the rule and establishing different, less burdensome standards for the operation of small businesses. It was determined that failure to adopt rules would result in unclear rules which could subject unaware businesses to criminal prosecution for operating without a license under the statute. It was also determined that failure to adopt and enforce uniform rules related to the standards for the operation of a massage establishment could pose a risk to public health, as most currently licensed massage establishments are also small businesses. It was however determined that licensed massage

schools were already paying inspection fees, so the proposed establishment fees for these small businesses which also operate massage establishments were decreased from \$300 to \$100. The department is also working to bring businesses subjected to the new requirements in HB 2644 into voluntary compliance over the course of the next year, and therefore anticipates a delay in the imposition of the fees to approximately 450 affected businesses.

## PUBLIC BENEFIT

In addition, Ms. Bourland has also determined that for each year of the first five years the sections are in effect, the public will benefit from the adoption of the sections. The public benefit anticipated as a result of enforcing or administering the sections is to continue to ensure public health and safety through the licensing and regulation of massage therapists, massage therapy instructors, massage schools, and massage establishments.

## REGULATORY ANALYSIS

The department has determined that this proposal is not a "major environmental rule" as defined by Government Code, §2001.0225. "Major environmental rule" is defined to mean a rule the specific intent of which is to protect the environment or reduce risk to human health from environmental exposure and that may adversely affect, in a material way, the economy, a sector of the economy, productivity, competition, jobs, the environment or the public health and safety of a state or a sector of the state. This proposal is not specifically intended to protect the environment or reduce risks to human health from environmental exposure.

## TAKINGS IMPACT ASSESSMENT

The department has determined that the proposal does not restrict or limit an owner's right to his or her property that would otherwise exist in the absence of government action and, therefore, does not constitute a taking under Government Code, §2007.043.

## PUBLIC COMMENT

Comments on the proposal may be submitted to Yvonne Feinleib, Program Director, Massage Therapy Licensing Program, Professional Licensing and Certification Unit, Division for Regulatory Services, Department of State Health Services, 1100 West 49th Street, Austin, Texas 78756, 512/834-6616 or by email to [massage@dshs.state.tx.us](mailto:massage@dshs.state.tx.us). When e-mailing comments, please indicate "Comments on Proposed Rules" in the subject line. Comments will be accepted for 30 days following publication of the proposal in the *Texas Register*.

## LEGAL CERTIFICATION

The Department of State Health Services General Counsel, Lisa Hernandez, certifies that the proposed rules have been reviewed by legal counsel and found to be within the state agencies' authority to adopt.

## STATUTORY AUTHORITY

The proposed repeal and new rules are authorized by Occupations Code, §455.051, which authorizes the adoption of rules regarding massage therapists, massage therapy instructors, massage schools, and massage establishments; and Government Code, §531.0055, and Health and Safety Code, §1001.075, which authorize the Executive Commissioner of the Health and Human Services Commission to adopt rules and policies necessary for the operation and provision of health and human services by the department and for the administration of Health and Safety Code, Chapter 1001. Review of the rules implements Government Code, §2001.039.

The proposed repeal and new rules affect the Occupations Code, Chapter 455, Government Code Chapters 531 and 2001; and Health and Safety Code, Chapter 1001.

(b) The following periods of time shall apply from the receipt of the last item necessary to complete the application until the date of issuance of written notice approving or denying the application. The time periods for denial include notification of the proposed decision and of the opportunity, if required, to show compliance with the law and of the opportunity for a formal hearing. If the department does not agree that the time period has been violated or finds that good cause existed for exceeding the time period, the request will be denied. Good cause for exceeding the time period is considered to exist if the number of applications for licensure and licensure renewal exceeds by 15% or more the number of applications processed in the same calendar quarter the preceding year; another public or private entity relied upon by the department in the application process caused the delay; or any other condition exists giving the department good cause for exceeding the time period.

The applicant shall give written notice to the commissioner at the address of the department that he or she requests full reimbursement of all fees paid because his or her application was not processed within the applicable time period. The department shall submit a written report of the facts related to the processing of the application and of any good cause for exceeding the applicable time period. The commissioner shall provide written notice of the commissioner's decision to the applicant. The time period for conducting a contested case hearing runs from the date the department receives a written request for a hearing and ends when the decision of the department is final and appealable. A hearing may be completed within one to four months, but may extend for a longer period of time depending on the particular circumstances of the hearing.
